

CHAPTER 9-03: IRRIGATION WATER AND NATURAL WATER COURSES

9-03-010. Prohibited Uses of Non-Potable or Irrigation Water.

9-03-020. Distribution of Non-Potable Water.

9-03-030. Damming or Obstructing Water Course or Stream.

9-03-040. Permit Necessary for Culvert or Other Obstruction.

9-03-010. Prohibited Uses of Non-Potable or Irrigation Water.

It shall be unlawful for any person, firm, or corporation to:

- (a) Use or cause to be used any untreated or non-potable water from a pressure irrigation system for other than irrigation purposes;
- (b) Interconnect or cause to be interconnected the potable and non-potable portions, distribution systems or service lines of dual water supplies or extensions thereof in violation of the Woods Cross City Cross Connection Ordinance;
- (c) Install or cause to be installed in the same trench or trenches the distribution or service lines of potable and non-potable water;
- (d) Connect or cause to be connected a service line to any distribution system or main line carrying non-potable water without authority of the district, municipality, company or person having jurisdiction of the non-potable water supply;
- (e) Extend or cause to be extended into any building a non-potable water supply system or service line;
- (f) Connect or cause to be connected to any fire hydrant, a non-potable water supply or service line;
- (g) Expose or cause to be exposed any portions of a non-potable water supply or extensions or service lines thereof without identifying the same by distinctive coloring or other suitable means sufficient to distinguish the same from potable water supply systems, extensions or service lines; or
- (h) Contaminate or cause to be contaminated any source of supply, distribution system, or service line furnishing or carrying non-potable water or potable water.

9-03-020. Distribution of Non-Potable Water.

All hydrants and sprinkling system control valves for the distribution of non-potable water shall be operated by a removable key, unless such valves are of the quick-coupling type, and all such keys and coupling valves shall be removed when said hydrant or sprinkling system is not in use.

9-03-030. Damming or Obstructing Water Course or Stream.

It shall be unlawful for any person to place, replace, or maintain any dam or other obstruction of any kind in the channel of any natural or artificial water course or living stream within the limits of the City so as in any way to interfere with or impede the flowing of the water therein, without first obtaining a permit to do so from the City Council.

9-03-040. Permit Necessary for Culvert or Other Obstruction.

Any person desiring any permit to build a dam or place a culvert or other obstruction in such water course or stream shall file with his petition plans and specifications for the construction of the same; and no such permit shall be issued until plans and specifications have the approval of the City Engineer or the City Council.
